

Semester/term	Lectures	Credits	Remarks
Bachelor Degree Programme "Energy and Environmental Management"			
1st semester (winter term)	Computer Aided Design	2	
	General English I	3	
2nd semester (summer term)	General English II	2	
	Marketing	1	
3rd semester (winter term)	Heat Transfer	2	
	Professional English I	2	
	Electrical Engineering	2	
	Electrical Engineering Tutorial	3	
	Electrical Engineering Laboratory	2	
	Environmental Laboratory I (Air)	2	
	Selected Topics on Building Technology	2	
4th semester (summer term)	Professional English II	2	
	Cost and Quality Management	2	
	Environmental Laboratory II (Water and Waste Water)	2	
	Project Management	3	
selection of a) b) or c)	a) Selected Topics on Building Technology	2	
	a) Selected Topics on Building Technology Seminar	6	
	a) Building Technology Project I	2	
	b) Selected Topics on Energy Management	2	
	b) Selected Topics on Energy Management Seminar	8	
	b) Energy Engineering and Energy Industry Project I	2	
	c) Selected Topics on Environmental Management	2	
	c) Selected Topics on Env. Management Seminar	8	
	c) Ecology and Env. Management Project I	2	
5th semester (winter term)	Renewable Energy Systems	2	
	Applied Metrology and Control Engineering Laboratory	2	
	Heating and Air-Conditioning Technology Laboratory	2	
	Business English I	1	
6th semester (summer term)	Business English II	1	
	Energy Technology and Energy Industry Project II	2	
	or Ecology and Env. Management Project II	2	
	Project Study	4	

Master Degree Programme "Energy and Environmental Management"			
1st semester (winter term)	Organization Theory & Company Organization	2	
	Corporate Social Responsibility	3	
2nd semester (summer term)	Interdisciplinary Project	6	
3rd semester (winter term)	Certificate Trading	1	
	Interdisciplinary Project	6	
4th semester (summer term)	Sustainable Management & Innovation	6	
	Life Science	6	
	Master's Thesis	18	

Master Degree Programme "Sustainable Energy Systems"			
1st semester (winter term)	Energy and Environmental Politics	3	
	International Project Management	3	
	English Consolidation I	2	
2nd semester (summer term)	Ecology/Fundamentals of Life Cycle Assessment of Energy Systems	3	
	Human Resource Management	4	
	English Consolidation II	2	
3rd semester (winter term)	Certificate Trading	2	
	Selected Topics on Sustainable Energy Systems	2	
4th semester (summer term)	Master's Thesis	19	

Master Degree Programme "Building Technology and Management"			
1st semester (winter term)	English Consolidation I	4	
	Selected Topics on Building Technology	2	
	Selected Topics on Building Technology Seminar	6	
2nd semester (summer term)	English Consolidation II	2	
	Computational Fluid Dynamics (CFD)	2	
	CFD Project	2	
	Electric Installations and Lighting Technology	3	
	Computer Aided - Electric Installations and Lighting	2	
3rd semester (winter term)	Human Resource Management	2	
	Control Engineering	5	
	Project Study	2	
	Building Automation and Control Engineering Laboratory	4	
	Thermal Building and Plant Simulation Project	4	
	Heating, Ventilation and Aircond. Technology Laboratory	2	
	Computer Aided Project Work	3	
4th semester (summer term)	Master's Thesis	19	

Levels: I = Basics D = Deepening*

additional lectures on demand at the Department Energy & Environmental Management	Selected Topics (Bachelor/Master)	on demand	winter term
	Laboratory Work (Bachelor/Master)	on demand	winter/summer

Bachelor Degree Programme "Health Management and Health Promotion"			
1st semester (winter term)	General English I	2	
2nd semester (summer term)	General English II	2	
3rd semester (winter term)	Business English I	2	
	Applied IT	2	
4th semester (summer term)	Business English II	2	
	Financing and Investments	5	
5th semester (winter term)	English for Health Professionals I	2	

ADDITIONAL LECTURES ALL DEPARTMENTS

	Bachelor Thesis Work (Supervision)	4 to 8	winter/summer
	Master Thesis Work (Supervision)	19	winter/summer
Language Courses	Spanish, Italian, Russian, German for Incomings	2	winter/summer
Computer Course	ECDL - European Computer Driving Licence	2	summer term

students may choose the most suitable lectures across all departments

Winter term (1st, 2nd, 3rd semester): from 1st October to 15th January

Summer term (2nd, 4th, 6th semester) from 1st March until 15th June
